

# Mexico Operations

MC Assembly's® Mexico operations provide the same manufacturing services as the US based operations with the advantage of lower cost labor. We deliver products to our customers in the most cost effective manner possible and service that product through its entire life cycle.

The Zacatecas operation is a "copy exact" facility of our Melbourne operations so transitioning business from the US is very low risk. Our Mexico operations practices Lean Manufacturing principles, utilizes world-class production, inspection and test equipment, and functions within the guidelines of an ISO-9001:2008 Quality System.

The primary markets we serve include:

- Industrial
- Medical
- Telecommunications
- Networking

MC ASSEMBLY's® Mexico operations capabilities include:

- PTH and SMT PCBA
- Box Build
- Direct Fulfillment
- Warranty Repair Services
